

Leisure Centre Update

Given the impact of COVID-19 and the ongoing financial losses made by the community Leisure Centre provision, we have made the difficult decision to cease the majority of community leisure operations.

The letting of facilities such as the Multi Use Games Areas and outdoor pitches will remain available to the community and these centres will still be available to all pupils across the Two Counties Trust, however the current climate has made it unfeasible for the Trust to keep other indoor facilities open to the community.

We appreciate the impact this might have and apologies for any inconvenience this might cause, but hope you will understand the extreme pressures at this challenging time for so many organisations across the country.

Our duty is to ensure the pupils across our Trust are receiving the best education possible, and during this unprecedented time we feel this is the best decision for them and the Trust as a whole.

If you have any questions, please do not hesitate to get in touch.
