

BTEC Health and Social Care Level 3

Activities

Research and create a fact file of information, in a format of your choice, on the principles of care in health and social care (sometimes known as the care value base)

The principles of care are:

- Promoting effective communication and relationships
- Promoting anti-discriminatory practice (including policies and codes of practice)
- Maintaining confidentiality of information
- Promoting and supporting individuals' rights to dignity, independence, empowerment, choice and safety.
- Acknowledging individuals' personal beliefs and identity and respecting diversity
- Protecting individuals from abuse
- Providing individualised care

EXTRA:

Watch Winterbourne View – are these people being treated in regard to the principles of care?

Write an essay answering the question.
