

Further Maths

Transition Work for Maths and Further Maths A-level

The booklet contains notes, examples and questions to topics which we need you to be fluent in before you begin your A-level Maths or Further Maths course at Ashfield School. If you have achieved the grade 7 required to Study Maths, you have already proven yourself to be great at this subject but often students need a refresher after a break from their studies.

In the first few weeks you will be set online tests on some of these topics to check your understanding and how fluent you are with these topics. If you fail to meet the pass mark of 60%, extra support will be provided at lunch time to ensure you achieve the expected standard and are able to tackle the next stage with confidence.

CONTACT:

You can email **Mrs Hill** if you have any questions regarding the course or these induction tasks:

joanna.hill@ashfield.notts.sch.uk

For the best chance of a quick reply, please do this before the summer break, emails during the summer break will get replies but these may take longer.
